## EVENTS AT CC BLOOM

---

At CC Bloom you can choose between a small or large ceremony site alongside the romantic flower gardens of CC Bloom Flower Farm. Our reception area features a stunning tidewater sailcloth tent set in an open field with picturesque mountains in the distance. The lush gardens are the perfect backdrop for photos and guests will love strolling through the garden paths while enjoying the sweet fragrance of our heirloom roses.

We work closely with each of our couples and only accept a limited number of events each year so that we can dedicate our time and resources to them. From growing beautiful blooms for each of our events to creating custom installations, we take care of the details to make every event at CC Bloom uniquely elegant.

## THE FARM

---

CC Bloom Flower Farm began in 2016 with Candice Prato, as a new endeavor born from her love of flowers, design and growing. What started as a small flower farm has now grown into something much more. As Candice's love of floral design flourished, she began studying with top industry leaders; Sinclair & Moore, The Potted Pansy & LaMusa, and her love for design truly took off. Coupled with the expertise and training from Floret for growing, she is able to curate gorgeous, personalized floral designs with specialty heirloom blooms grown on the farm.

Starting in 2023, CC Bloom started offering event bookings for couples looking for a unique wedding day experience.

*We can't wait to share our property with you and dream up some gorgeous wedding florals for your special day!*

Events hosted at CC Bloom include the benefit of having their very own florist with farm fresh flowers grown on-site. We enjoy getting to know our couples and creating personalized floral designs that set the tone for their wedding day.

Each and every wedding reflects our couple's personality & style, with gorgeous flowers every time. We are more than just your ordinary florist, we are a working flower farm. This significant aspect allows us to add special touches of unique heirloom blooms. Our floral arrangements share the beauty of CC Bloom from its stunning rose gardens to fields full of blooms & butterflies.

*CC Bloom event bookings must include the added services of CC Bloom Flower Farm day-of florals. We have a variety of floral packages and will work within your budget. No other floral designs permitted on-site.*
